Many of the inhabitants in Fjellberghavn are envious of the fortune Ingolf Holgersen has managed to build up through his life, and many find him both cold and arrogant. What they don't know is that he has been diagnosed as a paranoid schizophrenic, and therefore at times feels like he is pursued by everything and everyone.

When Holgersen calls his son Cato to tell him someone has been shooting at him, Cato thinks that his father has fallen ill again. The family doesn't take Holgersens concerns serious, they have heard similar stories too many times. And step by step Holgersen is driven into the disease.

When disaster strikes, Sheriff Ole Vik starts a thorough investigation. But he finds no traces or clues to the mysterious attacker. The case is about to be closed when very unusual information suddenly appears...

Chasing Shadows is the first book about Sheriff Ole Vik.

Devilishly good

Bergensavisen

Chasing Shadows is one of the best crime novels I have read in a long time.

Haugesunds avis

I almost never put a good nights sleep on hold for a good book, but with this one I just had to do it. This was far too good to be put aside.

Bergensavisen

An extraordinary good crime novel, full of surprises

Dagsavisen

Promising and entertaining.
