**In just a couple of years, Linn Skåber has become one of Norway's most-read authors. *To Us from Our Elders* went straight to No. 1 on the fiction bestseller list when published. With her previous two books, *Being Young* and *Being Grown-Up*, it might not come as a surprise that this book focuses on our oldest and wisest.**

She has interviewed, observed, analyzed and written. As always, the prose is filled with warmth, humor, wisdom, sorrow and joy. Skåber's unique pen and Lisa Aisato's beautiful illustrations make these people come alive, and their lives are made clear and recognizable to us. And perhaps there is something to learn for us all.

The first two books were both huge bestsellers in Norway – rounding 100,000 copies for *Being Young* and 50,000 copies for *Being Grown-Up* – and been sold to many countries.

**In a unique and personal way, she is able to get into the lives and thoughts of older people. The serious message is well seasoned with Skåber's humor – the smile is never far away, even if there is seriousness in and around the thoughts surrounding the last stage of life.**

Nettavisen

**This is a goodt and enjoyable book, with some colourful characters you grow to love and feel sympathy for. Skåber has a good pen and a warm and funny look at the people among us. She is a clever observer and communicator, and Aisato's illustrations work even better in this book**

VG

**What a debut! Skåber and Aisato have a rare mix of sweetness, poetic depth, and twisted humour.**
