

Halldor Armand

**AGAIN & AGAIN**Original title: *Aftur & aftur*

Publisher: Forlagid, 2017

Category: Fiction

Pages: 304 pages

**As the Twin Towers collapse, a teenage boy in Reykjavik gets a cell phone and subsequently meets his first girlfriend. At the same time, a famous pop drummer gets into a car accident where a young girl loses her life.**

As the Twin Towers collapse, a teenage boy in Reykjavik gets a cell phone and subsequently meets his first girlfriend. At the same time, a famous pop drummer gets into a car accident where a young girl loses her life.

Fifteen years later, these two men cross paths. Arnmundur is a restless graduate student abroad who spends his time on his phone seducing girls on dating apps. Stefan stopped drumming, became a 'Corporate Viking' and now runs a start-up company that he's sure will change the world. But under the surface old secrets, disappointments and thirst for vengeance are seething.

*Again & Again* is a riveting and brilliantly written story for our times where normal people struggle to find love, warmth and meaning in a globalized world of fluid capital and random violence.

**The most interesting author in the country. Icelandic literature has no future without him.**

Author Steinar Bragi

**The naked heart of the present beats in Again & Again.**

Literary critic Silja Adalsteinsdottir

**Halldor Armand is a new voice in Icelandic literature, and one hopes this voice will sound loud and clear in the years to come.**
