Terje Bjøranger, a police prosecutor, delivers sharp and compelling crime fiction.

In *Barcode*, a young woman is found brutally murdered near Sognsvann, dressed in a police uniform with a striking tattoo on her chest. The next day, a top Labour Party politician jumps in front of a train at Lillestrøm station. As investigator Charlie Robertsen digs into the cases, he uncovers connections no one else dares to see. Soon, he and his team are pulled into the dark underbelly of Oslo, where drugs, prostitution, and human trafficking run rampant.

A classic crime novel! Gripping from the very start.

Dagbladet

The police work in this book is both compelling and chillingly realistic.

Dagsavisen

Dark, unsettling, and disturbingly credible. Bjøranger's expertise makes this story all the more terrifying.
