River of Tears is the fast-paced, adventure-filled finale to The Sky People trilogy—a story of friendship, hidden enemies, and the courage to face the unknown.

Olivia's dreams feel disturbingly real—but her greatest fear is what's happening to Nikolaj. After a school trip involving a strange drink containing crocodile blood, her friend seems like a different person.

Seeking answers, Olivia and Anna turn to Nikolaj's wise uncle—and embark on a dangerous mission. Enemies are closing in, intent on stealing Olivia's magical amulet, the Eye of the Sun. Some are closer than she thinks. But whom can she trust?

The River of Tears is the third and final book in The Sky People trilogy, following The Warrior Girl and The Eye of the Sun.
